MEMORANDUM FOR: Deputy Director (Support)

MAY 9 1955

SUBJECT : Contracts on Which Funds Will Lapse on
1 July 1955 and Anticipated Settlements
of Each Contract by that Date

1. Attached hereto is a schedule showing the anticipated settlement status of contracts whose funds will lapse on 1 July 1955. Succeeding reports will be furnished weekly until 1 July 1955.

2. Contracts having funds which lapse prior to the above date but also contain appropriations which do not lapse until after 1 July 1955 are not included in this schedule. Previous experience has demonstrated that because of this fact, caution should be used in comparing the attached schedule to the one which will be prepared by the Office of the Comptroller covering funds which lapse on 1 July 1955.

3. Information is not available in this Office on total amount paid to date against each outstanding contract. This information should be available in the Office of the Comptroller.
